Archbishop George Bacouni

Your Excellencies,

Upon information and belief, the Congregation for the Doctrine of the Faith wants me to instruct the Catholic Church in the United States about the arguments for God's existence. My correspondence with the Vatican is here:

It so happens, that I will be visiting Israel for a month starting November 12. I'd like to give a lesson on the arguments for God's existence using the handout accompanying this fax. My insights and ideas are contained in this article:

Respectfully yours, in Christ,
