Re: Letter from Congressman Mike Thompson dated August 20, 2018, about Judicial Conduct Complaint, 02-18-90028-jm

Dear Ms. Clarke,

By a funny coincidence, I got a letter about this complaint from the United States Court of Appeals for the Second Circuit on the same day I got the letter Congressman Mike Thompson sent to me and you.

I am writing to request a meeting with you or your staff to explain why you should get involved in this conflict I am having with Columbia University about the arguments for God's existence.

As you well know, many political conflicts in the United States are rooted in conflicts or disagreements about religion. I'm faxing this letter, as well as the four-page letter I sent to all members of the House of Representatives, to Catherine O'Hagan Wolfe, Clerk of the Court.

Very truly yours,
